TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The markings for claim 8 do not completely and accurately reflect all changes from the claims as previously presented. First, the word "Forwarding" is capitalized, but was lowercase in the claims as previously entered. Second, a comma is included after "...a first application server module to a second application server module," where the comma was not previously presented, but is presented with no markings indicating the comma has been added. Third, the claim, as currently presented includes, "merging the first status information with a second status information to produced merged information," with no indication that "to produce merged information" was added. However, this phrase was not included in the indicated position in the previous claims. Applicant is strongly encouraged to review the remaining claims and ensure that all the claims include complete and accurate markings to reflect any and all changes from the previously entered claims .
